

Pavetech Laboratory

QUALITY POLICY

EXCELLENCE

- I Pavetech Laboratory is committed to continuously improving all aspects of our business in order to supply our customers with a service that fully meet and exceed their expectations and requirements.
- II This will be achieved through:
 - Leadership and commitment to the process of continuous improvement and improving our overall standards in compliance with ISO 17025
 - Creating a work environment in which all employees are trained, involved and empowered to make a difference everyday
 - Ensuring plant is maintained and operated to the WSNZ – Excavation Safety Good Practice Guidelines
 - The assurance that suppliers provide products and services conforming to our requirements
 - Anticipation, understanding of and response to the changing needs of our customers
 - Provide reliable results to add value to the customers organisation
